OUR SERVICES FOR YOU!

TAX AGENT SERVICE

Appointing a Tax Agent in the UAE is recommended for companies and other taxable persons. It will not be always possible for the companies to look after the issues on tax matters and resolve it with the concerned authority (FTA) by itself. It is necessary for companies to appoint an expert to handle tax matters. We are providing tax agency services.

ACCOUNTING AND BOOK KEEPING

As a part of cost reduction and easing of accounting work lot of entities are outsource their accounting and book keeping work. Our efficient expertise will provide reliable onsite and off-site accounting and book keeping services, with utmost accuracy and within the stipulated time and our motto too. Posting of day to day entries in respective book of accounts based on the provided voucher, data and other information supplied to us.

BUDGETING AND FINANCIAL FORECASTING

These are financial planning techniques that help business personnel in the decision-making process. A budget estimates the amount of revenues and expenses a company may incur over a future period. Budgeting represents a business's financial position, cash flows, and goals.

INTERNAL AUDIT

Internal Audit will ensure that the accounts are maintained in prescribed formats and in line with accounting ISO standards, scrutinize all transactions accounted in the books with reference to the initial documents like Purchase Orders, Work Orders, Receipt Vouchers, Issue Indents, Cash Vouchers, Bank Vouchers, Pay Rolls, Sales Invoices, Bills of Contractors, Journal Entries etc and check the books of accounts like Cash Book, Bank Book, Journals, Ledgers, and Financial Accounts to maintain proper standards. This will help the entity to keep their accounts accurate and finding mistakes and frauds if any.
